

ANDALUSIA EGYPT (25918) ENVIRONMENTAL AND SOCIAL CORRECTIVE ACTION PLAN (CAP)

#	Task Description	Indicator that the task has been completed	Required Completion Date
1.	<u>Installation of cold rooms for medical waste storage prior to disposal. To be installed in Salama as already planned, Hai Jamea if none at present, and as required in new hospitals in Cairo, Jeddah Gate and in expansion wings.</u>	Notification by sponsor	Concurrent with facility construction.
2.	<u>Certification of Life and Fire Safety System Design and Construction. Provide third party certification that the design and construction of life and fire safety systems complies with IFC life and fire safety guidelines. To be provided for new hospitals in Jeddah and Cairo and for expansion wings of Al Salama and Hai Jamea</u>	Certification must be prepared and submitted by a qualified professional acceptable to IFC.	Prior to inauguration of construction of individual facilities.
3.	<u>Energy and Water Utilization Efficiency. During design of facilities expansions at Hai Jamea and Al Salama, carry out studies to determine opportunity for implementable energy and water use efficiency improvement measures. Incorporate such efficiencies in design of new hospitals in Cairo and Jeddah.</u>	Develop and submit brief work plan to IFC	Prior to inauguration of construction of individual facilities
4.	<u>New Facilities Construction: All additional construction at Hai Jamea and Al Salama and the proposed new Cairo Hospital and Nursing School must be designed and built in accordance with IFC Guidelines for Life and Fire Safety Protection, the Guideline for Health Care Facilities, the general Environmental Guideline and any other applicable IFC EHS Guidelines.</u>	Submit evidence of compliance to IFC	Prior to inauguration of construction of individual facilities
5.	<u>Applicability of PS 5: Land Acquisition and Involuntary Resettlement. Consult with IFC subsequent to site acquisition.</u>	Mutual agreement	Prior to site clearing.
