

Fuba Printed Circuits Tunisie S.A.

Environmental Action Plan

Item	Description	Due Date
1	Obtain certification that the Occupational Health and Safety Management system meets the requirements of OHSAS 18001.	December 2009
2	Measure emissions concentrations and mass flows arising from acid vents.	December 2008
3	If Item 2 indicates non-compliance with local or IFC requirements, add scrubbers to reduce acid mist emissions to such levels.	December 2009
4	Enhance effluent pretreatment capacity such that effluent quality meets ONAS acceptance criteria.	December 2008
5	Re-direct effluents discharged by the site to the ONAS effluent treatment station.	December 2009
6	On completion of the Tunisian hazardous material landfill, transfer the WWTP cake to that facility for permanent disposal	As dictated by landfill availability
7	Review and restrict to the degree possible storage of hazardous chemicals at point of use.	December 2008
8	Review hazardous chemical storage positions in chemical warehouse, and revise as appropriate	December 2008
9	Review provision of emergency eye-irrigation systems and add as required.	December 2008
10	Automate fire pump operation	December 2008
