Subject: RE: DCT approval-Passing with Archaeological Area

Dear engineer Tariq
Thanks for your reply & shared Archaeological Area.
I also reviewed closely and didn't find any direct impact.
our Pipeline is far from the location red & green Dots, shown in attached kmz file.
Please advise.
Next week when you come back after leave will call you.

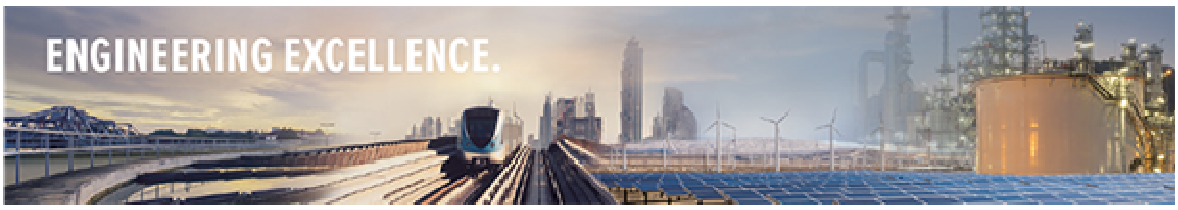

Thanks & Regards

Subject: RE: DCT approval-Passing with Archaeological Area

Dear Badar,

Thank you for your email.

Please note that we have reviewed the proposed water pipeline and we didn't find a direct impact on the Archaeological sites.
please find the attached Google KMZ file which includes the pipeline route with the Archaeological sites located within 10Km from the route, please review it from your side and confirm if there is any impact on the archaeological sites.

Once we agreed on the above, please add NOC Team to the loop to let them accept applying for the NOC transaction and we will process the transaction on the system.
